Government forces attempting to clear Route 4 west of Kompong Speu have been reinforced and are planning a counterattack on January 1 to recover recently lost ground. President Lon Nol visited the operation's command post on December 31. There has been no change along Route 5 northwest of Phnom Penh, but a government effort to seize at least part of the Communist-controlled segment of the highway is planned for today. Two rockets lobbed at Phnom Penh from the east bank of the Mekong landed harmlessly in the Tonle Sap River.
